Quench Q3

Upgrade your office drinking water with filtered water from the Quench Q3 series. This bottlefree water cooler produces fresh filtered cold and hot water and is especially designed to provide an economical choice for small offices or lower traffic areas. The Quench Q3 advanced filtration system removes contaminants from the water to improve water taste. State-of-the-art LED UV-C is used to help maintain the quality and cleanliness of the water. The Quench Q3 is available as a freestanding model. Water up with the Quench Q3 today!

Quench Q3 Features:

- Reverse osmosis or carbon filtration
- Bottlefree cooler
- Touchless paddle dispensing
- LED ultraviolet light to maintain water quality
- Antimicrobial surface protection
- Large 10.2" dispense height, perfect for most reusable water bottles
