# Naturizzata Europa 50

Upgrade your countertop bottler with the Naturizzata Europa 50 sparkling water dispenser! With its easy-to-use pull tap dispensing, the Naturizzata Europa 50 can produce up to 50 liters of chilled still or sparkling water per hour, perfect for small to medium size restaurants and hospitality venues. The Naturizzata Europa 50 features hygienic technology including UV technology and anti-contamination systems. The Naturizzata Europa 50 is a single unit suitable for installation on top of your drinking station countertop while the Naturizzata Europa 50 Tower is an integrated cobra-style dispensing tap on your countertop with the machine components installed in the cabinets below.

## Countertop Bottle Filling Sparkling Water Dispenser

- Cold, ambient, and chilled sparkling water on-demand
- Tap dispensing
- Dispense height of almost 12" to accommodate bottles and carafes
- UV and anti-contamination technology to maintain cleanliness
- Attractive stainless-steel case
- Requires undercounter space and access
- 48 reusable glass bottles provided
- Available as countertop machine and as integrated tap system installed into the cabinet and countertop as Naturizzata Europa 50 Tower
