Bevi 2.0 brought to you by Quench

The Bevi 2.0 takes flavoured beverages to the next level! The Bevi 2.0 Beverage System offers refreshing flavoured chilled and sparkling water through an elegant and smart user experience. Users can easily personalize their great-tasting chilled or sparkling water by picking their water temperature, mix up to 3 available flavours and even top of their drink with enhancements, like caffeine, electrolytes, and vitamins and minerals. Even better, all of the restocking needs and support are tracked remotely and completed proactively – the only thing you have to do is enjoy!

Flavoured Sparkling Water

- Cold, ambient, and hot filtered still or sparkling water
- Over 12 natural flavour options along with 3 enhancement options
- Offers both touchless and touchscreen interface dispensing for easy customization
- Large 30.5 cm dispensing area is perfect for most reusable bottles
- Compact Bevi 2.0 is only 38.1 cm wide, fitting in most kitchen space
- Up to 20 lb. CO₂ cylinder fits inside to free up valuable floor space
- Remote access capability for hassle-free and proactive flavour changes, CO₂ replenishment and select machine maintenance
