Quench Q4

Upgrade your office drinking water with filtered water from the Quench Q4 series. This bottlefree water cooler produces fresh filtered cold and hot water especially designed to provide an economical choice for small offices or lower traffic areas. The Quench Q4 advanced filtration system removes contaminants from the water to improve water taste. State-of-the-art LED UV-C is used to help maintain the quality and cleanliness of the water. The Quench Q4 is available as a freestanding model. Water up with the Quench Q4 today!

The Quench Q4 Features:

- Bottlefree cooler
- Touchless sensor-activated dispensing with hot water safety feature
- Reverse Osmosis or carbon filtration
- LED ultraviolet light to maintain water quality
- Antimicrobial surface protection
- Large 10.2" dispense height, perfect for most reusable water bottles
